Keeps our children safe

Preventive Health Care Services

**Pre-school and afterschool care
to support local families**

**Keeps homeless children and
teens in school**

**Career Pathways for
Solano youth**

No net increase in taxes

A + B = YES
ON KIDS

*"The Solano Fund for Children is a
chance for our community to provide
much needed services to support
every child in Solano County."*

Congressman Mike Thompson

Vote Yes on A + B

Vote for both to create the Solano Fund for Children

On November 8, vote YES
for our kids.

Never in Solano's history have we had a dedicated fund to support our kids.

"Investing in our kids, especially those most in need, is one of the most important things we can do to prevent crime and make our communities safer."

Erik Upson
Chief of Police, Benicia Police Department

"It's becoming harder than ever for our children to get ahead. Too many of our children are being left behind. This November, we have the chance to invest in Solano's children and our future."

Kathy Lago
*Executive Director,
Solano Family and Children's Services*

"Measures A + B allows voters to redirect an expiring state sales tax to provide much needed funds to Solano children, essentially experiencing NO NET INCREASE IN TAXES. That's a big gain for kids and a smart investment for Solano County's future!"

Juan Cisneros
President, Solano Children Alliance

"Let's stop shortchanging our kids. Measures A and B will provide services to help our children better prepare for the future."

Jay Speck
Superintendent of Schools, Solano County

The Solano Children's Fund is endorsed by parents, teachers, law enforcement, grandparents and community organizations from every corner of our County.
